FAB FABLUXE

Care & Maintenance Guide

FAB

CARE &
MAINTENANCE
(QUARTZ COLLECTION)

Engineered performance. Effortless care.

DAILY CLEANING

Recommended Products:
- Mild dish soap with warm water
- Soft microfiber cloth or non-abrasive sponge

Steps:
1. Wipe the surface daily to remove dust, crumbs, or residue.
2. Rinse thoroughly with clean water.
3. Dry with a clean cloth to prevent streaks.

SPILLS – WET OR DRY

(COFFEE, WINE, JUICE, OIL, SAUCE, TOMATO, VINEGAR, ETC.)

- For fresh spills, refer to daily cleaning method.
- For dried spills, follow the steps below:

Recommended Products:
- Plastic scraper (non-metal)
- Warm soapy water

Steps:
1. Gently scrape away hardened residue.
2. Clean the area with soapy water and wipe dry.

GREASE OR OIL BUILDUP

Recommended Products:

- Canada: Zep® Heavy-Duty Citrus Degreaser or Method® Heavy-Duty Degreaser
- USA: Greased Lightning® Multi-Purpose Cleaner
- Diluted Dawn® Ultra also works for light buildup

Steps:

1. Apply cleaner to a cloth.
2. Wipe affected area and rinse thoroughly with water.
3. Dry with a soft cloth.

DO NOT USE

- Ø Bleach or oven cleaner
- Ø Abrasive powders or scrub pads
- Ø Solvents, paint removers, acetone
- Ø Strong acidic or alkaline cleaners
- Ø Sealers or waxes (not required)

MINERAL DEPOSITS / HARD WATER SPOTS

Recommended Solution:

- 50/50 mix of white vinegar and water (Spot use only — not intended for regular cleaning)

Steps:

1. Apply with a soft cloth and gently wipe.
2. Rinse immediately and dry thoroughly.

FABLUXE

CARE & MAINTENANCE
(Mineral Stone Collection)

Next-generation mineral surface. Elevated durability.

DAILY CLEANING

Recommended Products:
- Warm water + microfiber cloth
- pH-neutral stone cleaner (e.g., Lithofin Easy-Clean or Granite Gold)

Steps:
1. Wipe regularly to remove dust, watermarks, or residue.
2. Rinse and dry for consistent finish.

MARKERS / ADHESIVE RESIDUE

Recommended Products:
- Goo Gone®
- Soft cloth

Steps:
1. Apply to cloth, rub gently.
2. Rinse immediately with clean water.

DO NOT USE

- Ø Abrasive powders or scrub pads
- Ø Acetone, paint removers
- Ø Vinegar, bleach, or ammonia
- Ø Solvent-based degreasers
- Ø Waxes, polishes, or sealers (FABLuxe is non-porous and does not require sealing)

SPILLS – WET OR DRY

(COFFEE, WINE, JUICE, OIL, TOMATO SAUCE, VINEGAR, ETC.)

- For fresh spills, use daily cleaning method.
- For dried spills, follow the steps below:

Recommended Products:
- Mild soap and water
- White non-abrasive pad (3M Scotch-Brite™ Light Duty Hand Pad)

Steps:
1. Clean spills promptly.
2. For dried spots, apply cleaner, gently rub with white pad.
3. Rinse and dry.

PERIODIC DEEP CLEANING (HEAVY USE)

Recommended Products:
- Lithofin MN Intensive Cleaner (Canada & USA via tile/fabricator suppliers)

Steps:
1. Follow product instructions.
2. Use soft brush or white pad.
3. Rinse and dry thoroughly.
